

We're fortunate
these **4 members**
of city council were up
4 the challenge.

Thank you
4 voting for
the Maguire Boulevard Extension.

Mayor Darwin Hindman

Second Ward Councilman Chris Janku

Fifth Ward Councilwoman Laura Nauser

Fourth Ward Councilman Jerry Wade

Thank you for supporting the future of Columbia's economy and for recognizing the role of development is critical to our economy.

The Maguire Boulevard extension provides a second access point from the LeMone Industrial Park, assisting with long traffic delays and safety concerns. During the day 1,900 workers have been entering and exiting the park north of New Haven Road, causing gridlock for the nearby elementary school, businesses, Lenoir, and those accessing the Hwy 63 exit ramp. The Industrial Park has 200,000 sq. ft. of vacant space for industrial business, but without a second access, has been dismissed by potential companies.

**Times are tough and voting for the
Maguire Boulevard Extension was right on target.**

Thank you to these four individuals for supporting the city,
economic growth and safety concerns.
